COURSE EXPECTATIONS
Supplement To SDL Course Description

SDL courses consist of 3 sections listed under Course Contents: SDL Course, CPE Credit Assessment, Course Survey.

1. **SDL Course** - Select the Start button to access the course's main menu, Getting Started with Your Learning Space. Open the Participant Guide(eBook) to follow each Lesson and complete the Activities as you go. The Activities can be accessed through the links within the Lesson or from the Activity List on the course's main menu. Each Lesson ends with Check Your Understanding review questions. The correct answers can be found in Appendix A. Select Save and Exit to return to the Course Contents.

2. **CPE Credit Assessment** - Upon completion of the SDL course, the assessment will become available to select under Course Contents.

- 25 multiple choice questions
- Requires a passing score of at least 70%
- A passing score triggers course completion
- Given up to 2 attempts

3. **Course Survey** - We appreciate your feedback on our courses and encourage you to complete the course survey

Upon course completion, a Certificate of Completion, including applicable CPE credits, is available to download from your Unanet University account under Completed Courses.
